

Fun Music at Home

Please ask Ms Bingley for clarity on anything listed below at cbingley@newbridgegroup.org

Description of Activities

Ipad App: Using the Music Sparkle App on the Ipad, choosing from the different instruments and creating their own song/tune and singing along.

YouTube Videos: Using YouTube to choose a song they like and creating musical instruments with things from around the house. (Please see examples below)

Pots and Pans Music: Using pots and pans from the house, creating a drum kit or other musical instruments from these and creating some music.

Maracas:

Using plastic spoons, empty plastic eggs or an alternative, pasta, lentils or rice, use this to create shakers with some tape to secure it all together.

Resources

Ipad App

General rubbish/resources YouTube

Pots and pans Utensils

Plastic Spoons Tape

Rice, pasta or lentils

Plastic hollow egg

<p><u>Xylophone:</u> Create a xylophone from paper tubes and string, using the different lengths of tubes and decorating them, then hanging them up so they can be used as a music instrument. Using utensils or sticks to create different sounds. Sing the string tie them up and place where they can play music with them.</p> 	<p>Using different length tubes. String Resources to decorate</p>
<p><u>Drums:</u> Using pringle tubes or something similar, create a set of drums with tape and a utensil to make music. Using the tape to attach them all together and create a drum 😊</p> 	<p>Tubes with lids Tape Utensil/stick</p>
<p><u>Harmonica:</u> Using straws and some tape, create a harmonica by cutting the straws to different lengths and then lining them up and taping them together.</p> 	<p>Straws Tape</p>
<p><u>Guitar:</u> Using a tissue box or any other box, cut a hole in the top then place elastic bands around the edge, decorating the box as an art project could be nice 😊</p> 	<p>Decorating resources Tissue/other box Elastic bands</p>
<p>Rainbow Shaker: Using cardboard tubes and some rice, pasta or lentils. Create a Rainbow shaker by decorating the cardboard tubes, fill with ingredient half way then close over the top with tape and secure.</p> 	<p>Cardboard Tubes Dry rice, pasta/lentils Tape</p>
<p><u>What they will have done/experienced:</u></p>
