

## **Guidance on sharing students' work in FOOD**

Each week Food lesson tasks will be set and shared on the school website. Each task will contain information about how to evidence your work.

Once you have done the work please share any pictures or documents with me on our class **showbie group**.

You will need to join the class group by entering the class code into the showbie app in the 'join class' section.

Your class group is called

MFY COOKING

Code: **WCLCP**

Please let me know using the traffic light system if you found the task too easy, okay or too hard, this will help me to set a more suitable task next time.

Good luck, if you have difficulty setting up showbie or need any other help with your work please email me at [lnewport@newbridgegroup.org](mailto:lnewport@newbridgegroup.org)

Please also send me any pictures of things you cook at home,

I look forward to seeing your progress!

Mrs Newport (previously Miss Crook)
