

Subject: ICT	Week: wk 2
---------------------	-------------------

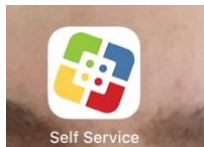

Class: All – Direction	Teacher: LJT
-------------------------------	---------------------

Learning Outcomes:

To improve your skills in directional language,
To learn how to program and sequence
To learn forward, backwards, left and right 90 degree turns

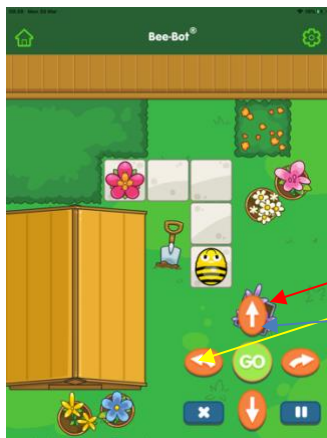

Activities: Bee Bot

Install bee bot from self service

Bee-Bot

Reinstall

Challenge yourself in this game using direction eg. The bee needs to reach the flower. So here you will press forward 2 x , then you will press left (because you need to turn) and then you will press forward 2 x to get to the flower

Evaluation:

I can't do it yet

I can nearly do it

I can do it
