

Subject: ICT	Week: 27/4/2020
---------------------	------------------------

Class:	Teacher: Mrs Grogan
---------------	----------------------------

Learning Outcomes: This week is your last week to submit your entry for the factsheet I set over Easter. Please look back on the website if you want to take part!

This week we will be returning to our eSafety topic. This is because during this time you may be using your device more than ever, so it is very important to remind ourselves about eSafety.

The learning outcomes for the next few sessions are:

- I can demonstrate my understanding of how to stay safe online

There are a choice of two activities below. You only need to do 1 of these activities.

- Activity 1 needs to be done with someone else in your house.
- Activity 2 can be done by yourself.

Activities:

Activity Choice 1 – You will need someone to do this with you

1. Download the InternetMatters (no spaces) app from Self Service.
2. Watch the video here to explain how to use the app:

https://www.youtube.com/watch?time_continue=4&v=HcM6WI_3Yro&feature=emb_logo

3. Work with someone else on a subject of your choice on the app.
4. Remember you can dip in and out of this throughout the week. If this is your chosen activity you will have 4 weeks to complete the app so no need to rush through.
5. Take a screenshot of your progress (the main screen) and add this to the Showbie assignment “Esafty” at the end of the week

Activity Choice 2 – You can do this independently or with help from an adult if needed

1. Read the information here:

<https://www.bbc.co.uk/bitesize/guides/zrtrd2p/revision/1>

2. Discuss this with someone else if possible
3. Take the test here:

<https://www.bbc.co.uk/bitesize/guides/zrtrd2p/test>

4. Take a screenshot your results of the test and add this to the Showbie assignment “Esafty” at the end of the week

Evaluation:

I can't do it yet

I can nearly do it

I can do it
