

Subject: ICT	Week: wk 3
---------------------	-------------------

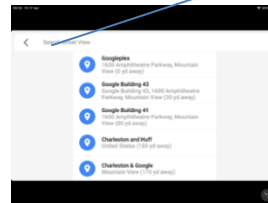

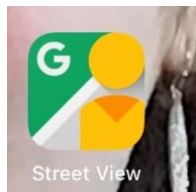

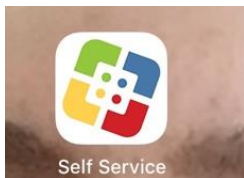

Class: All – Direction	Teacher: LJT
-------------------------------	---------------------

Learning Outcomes:

- To improve your skills in directional language,**
- To learn how to program and sequence**
- To learn forward, backwards, left and right 90 degree turns**

Activities: Street View / mapping

Install Street View from self service

Type the address
or place here

For example Newbridge Learning Centre:

- Follow the road with your finger / tap (blue line)

I would like you to find 5 places of interest near your home or 5 places that are important to you such as Grandmas house, Asda, Park

Once you have found them take a print screen using your ipad or record yourself finding the places of reference.

Good Luck

Evaluation:

I can't do it yet

I can nearly do it

I can do it
