

Subject: Geography	Week: 3 onwards
Class: Year 9	Teacher: Mr Hanif
<p>Hello everyone! I hope you've all had a good Easter break. The need to stay safe and self-isolate has created a unique set of circumstances. I know not being able to have our lessons face to face as we usually do is quite a challenge for all concerned. We will do our best to keep going with the amazing progress you are making so far this year!</p> <p>I have been sending work through the Home Learning section on the School website, but I can't see the work you are completing. I thought that I would start to set work on the Seesaw app. There are a number of reasons for this the main ones being that I can see the work you are completing and give you feedback. Also the Seesaw app will allow you to complete the work on the app, this can be through writing on the activities, typing, recording voice messages or even a video.</p> <p>I will be regularly updating your learning tasks so that you have activities to complete on a weekly basis. We usually meet for around 45-50 minutes once a week, so I recommend that you take around this time to work on your activities. Please use this guide to assist you in getting logged on to the app so that the work can be completed.</p> <p>If you need login information or assistance with work, please do not hesitate to contact me on mhanif@newbridgegroup.org</p> <p>Guidance for parents and carers:</p> <ol style="list-style-type: none"> 1) Each Pupil will have the Seesaw app already downloaded on their iPads. (Hopefully most pupils will be familiar with this as they will already be using it for their other lessons). If not, they need to go to self-service and type it in the search bar and download the app. 2) Once they have opened the app, they will need to log in using the details I provide below. 3) If your child is finding work too hard or too easy, they will be able to contact me through the Seesaw app. I will again be providing an access code so they can join this group and stay in touch with myself. 	

Hope this helps you and all pupils access their learning 😊

Year 9 Geography – Mr Hanif

For classroom use only. Do NOT post on social media.

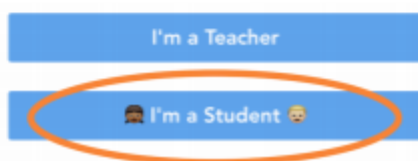

Student Sign In Instructions

9Geography

Open the Seesaw Class app. Or go to <https://app.seesaw.me> on your computer.

Choose "I'm a Student".

Scan this QR Code.

Scan with Seesaw App or Seesaw Website

Do not photograph or share this code on social media

The use of the Seesaw app will allow the pupils to send the completed work to me, as a result I will be able to assess the work and set and adjust work appropriately.

Evaluation:

I can't do it yet

I can nearly do it

I can do it
