

Subject: ICT	Week: wk 9
Class: Ipad Camera Project	Teacher: LJT
<p>Learning Outcomes:</p> <p>To create a presentation/ Poster To use ipad camera to record what is happening around you To take a photo, panoramic clipping of your surroundings or even an experiment with using video</p>	
<p>Activities:</p> <p>To create a presentation / poster using the Ipad camera. Student's to take images and or videos to create a presentation. This might be something you are growing in the garden, baking at home, a walk to the park To use some skills taught in class pre lock down to change colour, crop, add effects etc. Put all your memories together In a digital presentation, you can can even used keynotes from last weeks lesson. Wk8 Keynotes</p> <p>Here's How: -</p> <div style="display: flex; justify-content: space-around;"> <div data-bbox="204 1736 667 1989">  <p>① Open Camera from Control Center. Open Control Center, touch and hold , then tap Take Photo.</p> </div> <div data-bbox="722 1736 1169 1989">  <p>② Take a selfie. Tap  to switch to the front-facing camera, if necessary, then tap the Shutter button or press either volume button on iPad. Tap the thumbnail image to view your selfie. Tap  at the top left to return to the</p> </div> </div>	

Make a time-lapse video that documents an art project or school event. Stabilize iPad in a secure location, choose Time-lapse, then tap the Record button.

Scan QR codes with Camera. Choose Photo or Square, focus on the code, then tap the notification that appears or touch and hold the notification for a preview.

Please put your work on the showbie. Just to remind you of the code:

MK3MN

Evaluation:

I can't do it yet

I can nearly do it

I can do it
